Education

Sahyadri College of Engineering and Management

Bachelor of Engineering in Computer Science (CGPA: 9.53)

Sept 2023 – June 2027

Mangalore, Karnataka

Technical Skills

Languages: Java, Python, C, C++, HTML, CSS, JavaScript, SQL

Developer Tools: VS Code, Git & GitHub, Jupyter Notebook, Google Colab, PowerBI

Projects

Multi-Modal Voice Liveness Detection Framework (In Progress)

Python, PyTorch, FastAPI, React.js, Librosa

- Built an audio preprocessing and feature extraction pipeline using MFCCs and spectral audio features, and trained deep learning models on the ASVspoof dataset for voice spoof detection.
- Developing a real-time web application using FastAPI and React to analyze voice samples, generate liveness predictions, and visualize results through an interactive interface.

LearnWise - AI Adaptive Learning Platform

React.js, TypeScript, Tailwind CSS, Supabase, PostgreSQL

- Built an AI-powered adaptive learning platform featuring personalized assessments, gamified leaderboards, real-time feedback, and performance reports to improve student engagement.
- Built a responsive frontend using React.js, TypeScript, and TailwindCSS and configured a Supabase/PostgreSQL backend for authentication and data storage.

Multi-Touch Marketing Attribution & ROI Engine (Power BI)

- Developed an interactive Power BI dashboard using advanced DAX to compare Last Touch, Linear, Time-Decay, and U-Shaped attribution models, enabling accurate ROI analysis across marketing channels.
- Designed a Star Schema and built ETL workflows using Power Query to combine CRM, web analytics, and campaign cost data for marketing performance analysis.

Internship

Data Analytics Intern - Infotact Solutions, Bangalore

Aug 25 – Oct 25, 2025

Data Analytics - Internship and Training

Gained hands-on experience in data analysis techniques and tools, including using **Power BI** for data visualization and reporting.

Achievements

Finalist(Top 25) - Inferentia 2.0 (State-Level AI Hackathon), PES University, 2025

Participated in a 24-hour hackathon organized by the AURA AI&ML Club of PES University. Recognized for creativity, teamwork, and innovative AI-driven solutions.

Finalist(Top 10) - Hack-A-Thon: AI for Education 2025, ThinkPlus & SkillU

Achieved finalist position among top participants for developing an innovative solution leveraging AI for enhancing education and personalized learning.

Certifications

• **AICTE IBM SkillsBuild** – Gen AI & Cloud Computing Internship (June 2026)

• **NPTEL (IIT Roorkee)** – Exploring Survey Data on Health Care (Elite, Jan-Mar 2026)

• **HP LIFE (HP Foundation)** – Data Science & Analytics (Dec 2024)

Leadership & Volunteering

HackHarbor 3.0 – SOSOC

Aug 2025

- Played a key role in organizing a 10-day college-level internship for junior students.
- Mentored juniors in C Programming, Web Development, APIs, Cloud Computing, Docker, and GitHub.
